REVISED TECHNICAL PARAMETERS

Combine 5MP plate recognition, offline e-payment and an 18.5-inch LCD for dynamic QR codes, payment information and video.

Parameter	Specification
Image sensor	5MP / 1/2.7 in CMOS
Lens	6mm fixed
Display	18.5 in LCD / 1366 x 768
I/O	4 / 3
Serial interface	2 x RS485
Power supply	AC 220V
Protection rating	IP54
Power consumption	60W

Source: manufacturer product specification and confirmed current product master data. This parameter sheet supersedes the inconsistent power field in the previous English datasheet.
